"Prearranged transportation service" means a transportation service that is offered and accepted through a licensee's Internet-enabled application or digital platform before the transportation commences.

"Place of business in the City of Chicago" means a location where (1) the city may send, and the licensee shall accept, notices of hearing or other notices from the city; and (2) the licensee maintains its business and financial records relating to its license.

(c) If any licensee engages an ineligible driver or if any Class A transportation network provider licensee fails to annually ascertain the eligibility of each driver such licensee engages, the licensee shall be liable for the violation of this section and shall also be jointly and severally liable with the ineligible driver for any violation of this chapter by the ineligible driver.
